## POWER OF THE PRESS.

A drop of ink makes thousands taint.  
As you have often heard.  
There is, of course, a lot of force  
In just one printed word.

And as they gauge the sporting page  
And by the freeride dream,  
A drop of ink makes thousands think  
They'll have a winning team.

### Two Elegant Residences to Be Erected in Forest Avenue

Prof. J. W. Bradner, Superintendent of Mayesville's Schools, and Mr. James M. Rains have purchased the vacant corner of ground at Lexington and Forest avenue, just East of the Third District School Building, and will divide the lots, each taking two, Mr. Rains the corner ones. Price \$1,500 for the four lots, making \$750 paid by each gentleman.

It is the intention of Mr. Bradner and Mr. Rains to let the contract at once for two modern residences, which will cost, lot and all, about \$4,000 each.

## Free for Stomach and Bowels

We are in receipt of letters from Mrs. Eva Gaskins, 304 Madison St., Topeka, Kans., and Mr. P. H. Gavelas, Wagoner, Okla., as well as many others, telling about the wonderful results they have secured in the cure of their stomach and liver troubles by the use of Dr. Caldwell's Syrup Pepsin.

This remedy, as all readers doubtless know, has been before the public for a generation and is now being more extensively used than any other remedy for stomach, liver and bowel complaints. According to reliable testimony, it seems to be a very quick and lasting cure for constipation, indigestion and dyspepsia, liver trouble, biliousness, headaches, sour stomach, gas on the stomach, drowsiness after eating and similar disorders. It is a liquid with tonic effect, and so mild and gentle in action that a child as well as a grown person can take it, in fact, it has no equal for children, women and old people.

It arouses the flow of gastric juice, and by a peculiar action trains the stomach and bowel muscles to again do their work naturally, and in time medicines of all kinds can be dispensed with. A free sample bottle can be had for trial by sending your address to the doctor, for in this way Mrs. Gaskins, Mr. Gavelas and many others first learned of the cure. Later, when satisfied it is the remedy you need, do as others are doing and buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him for the free sample bottle and the free sample address him Dr. W. B. Caldwell, 841 Caldwell building, Monticello, Ill.

### CUTTING WON'T REMOVE THE CAUSE OF PILES

## New Way Knocks Rheumatism

### D-M-F Proves Startling Success.

#### Guaranteed Absolutely As To Results.

The problem of ridding the system completely of uric acid deposits which cause rheumatism has been solved, as stated by many chronic sufferers who have used it, by the novel remedy called D-M-F, perfected after 30 years of exhaustive tests.

Its unique action is one of the features which most attracts the attention of the sufferer using it. Unlike any other treatment of its kind known, it produces results or "signals" by which the patient has been able to clearly foretell the complete eradication of the disease.

D-M-F has been remarkably effective in every form of rheumatism, a feature which is extremely unusual. C. W. Bacon, M. D., one of the most prominent physicians in Oklahoma, known for his success in treating rheumatism, says: "The cases for this test were selected from the various chronic forms commonly known as incurables, and all forms of the disease have yielded to the D-M-F treatment. Convinced that with D-M-F there are no incurable forms of the disease, I am now ready to stake my professional reputation on my ability to cure all forms of rheumatism with this treatment."

The best news of all for the rheumatic is that D-M-F is guaranteed as to results.

D-M-F is singularly free from any opiates or dangerous drugs of any description, and is easily assimilated by the weakest stomach.

Full explanations of the wonderful action of D-M-F on rheumatism, lumbago, gout and neuralgia, are packed with every bottle. Begin taking a bottle of D-M-F today, and you may safely drop every other rheumatic treatment you may now be taking.

Get D-M-F at your druggist at \$1.00 a bottle. If you are satisfied with it, as you will be, get 6 bottles for \$5.00, and get rid of your affliction. If your druggist cannot supply you, it will be sent on receipt of price by the D-M-F Medicine Co., 215 Lincoln Ave., Chicago, Ill. The first bottle will convince every sufferer.

"D-M-F" is recommended and sold in Mayesville by J. James Wood & Son.

## NIGHT RIDERS

## Destroy Barn and 20,000 Pounds of Tobacco

BRANDENBURG, KY., April 27th.—Night riders are charged with responsibility for the burning early today of the tobacco barn of George Meador, near Brandenburg. About 20,000 pounds of tobacco were destroyed.

The loss is estimated at \$2,500. Meador and other farmers recently received letters warning them to destroy their tobacco beds, several matches being attached to each of the letters. The incendiaries drove all of the stock out of the barn before firing it.

## THE BRINK IS NEAR

FEW MAYSVILLE PEOPLE KNOW HOW NEAR IT IS

Every time you neglect backache, Allow the kidneys to become clogged, Fail to cure urinary disorders, You get nearer the brink of Bright's disease. Doan's Kidney Pills will save you from danger.

Proof of it in Mayville testimony.

Mrs. Della Means, 328 East Front street, Mayville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being sharp pains through my kidneys, accompanied by a burning-down feeling across my hips and loins. Dull, miserable headaches were common and often became so dizzy that if I did not catch hold of something I would fall. I continued to grow worse, until I was confined to my bed for a week at a time. No remedy I tried helped me, and I began to have symptoms of dropsy. There was an almost complete retention of the kidney secretions and my body became bloated. I had about despaired of ever being cured, when I read of a person who had been cured of similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and obtained so much relief from the use of the first box that I continued taking this remedy until I was entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## It Grows Hair

Here Are Facts I Want You to Prove at Our Risk

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

I want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell me and without question or formality I will hand back to you every penny you paid me for it. Two sizes, 50c and \$1.00. Sold only at my store—The Rexall Store. Thomas J. Chenoweth, Second and Sutton streets.

## OUR WEEKLY SPORT LETTER

BY C. H. ZUBER.

CINCINNATI, O., April 27th, 1911.

Just because the season is two weeks old and some of the teams that showed high class form last season are not among the leaders, there are those fans who are bawling the prospect of these teams not being able to "come back," and are commiserating with others because they have lost more games than they have won so far. Some of the wise writers have even gone so far as to declare the Philadelphia Athletics, world's champions, out of the running for the American League flag because they have not won a big majority of their games to date. Can you beat that for exaggerated fanaticism? Ten days or two weeks may change the entire complexion of the baseball map, so far as per centages and positions are concerned, and then the wise dopesters will have to take back all the reckless predictions they have been making. Here in Cincinnati we've had a few falls taken out of our early conceit, but have not given up the idea of finishing up with the bunch. There still remains twenty-four weeks of baseball in which the Reds and other teams that have not set the leagues on fire to date may get into the running—and run hard.

It will take a week or ten days for the pitchers of the various big League teams to strike their proper gait, and until they do the fight for honors will not be strictly on its merits. Here in Cincinnati we're banking much on the pitching staff which has shown as good form as was expected of it. Suggs, Gaspar and Fromme have done some excellent work so far, while McQuillen also has shown that as soon as the weather breaks right for him he will deliver the kind of goods he contracted for. Other teams also are waiting for the best men to get into shape to do what is expected of them. In other departments of the game there haven't been many fireworks exploded, the hitting and general fielding being only of ordinary caliber. But once let the sun play a few days continuous performance and there will be a speedy hiking to form of all the athletes.

Sunday excursionists to Cincinnati who usually come here for the Sunday games will have an interesting attraction offered them on Sunday, May 14th, when the Reds are in the East. There will be a series of classy automobile races at the Latonia race track on that day.

Maybe there'll be much loose fighting in various municipalities before long, giving the starving pugilists opportunities of picking up lunch money, to say nothing of having their shoes shined occasionally. Several State Legislatures now are considering bills which provide for local option in the way of limited round boxing contests. In other words, City Councils will be given the right to say whether or not pugilistic exhibitions shall be allowed.

The gaugers of New York decline to stand for the resumption of horse racing in that State with the betting feature attached. Efforts to repeal what is known as the Directors' Personal Liability Law, which compels the Directors of race tracks to be responsible for the losses of their patrons, by declaring that the farmers wanted racing resumed with betting features, has met with the declaration from the Agricultural Associations that they are not interested in the betting feature.

### New Railroad Scales

The L. and N. is preparing to make some improvements in the yards, among them being an additional sidetrack near the Depot and a new pair of 100-ton railroad scales. The scales used at present will be taken up and replaced with an entirely new pair set in cement and of the latest improved pattern. The new scales alone will cost \$1,600. Other improvements are in view and many thousands of dollars may be spent at this end of the road.

### Governor Cox at Ashland

Ashland Independent.  
Lieutenant Governor William H. Cox of Maysville was a prominent visitor in Ashland today. He had been up Big Sandy for a few days looking after his political fences. He was met by an old friend, Colonel C. E. Horrocks, and they had quite a gab-fest, talking over incidents of their boyhood days that were spent together in Maysville. Mr. Cox took dinner at The Ventura and left on No. 23 this afternoon for Frankfort.

## Reduce the Cost of Heating

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

### THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE 10% TO 25% OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it to be. It is giving perfect satisfaction. \$25 worth of coal will heat the entire house, ten rooms, for the season. The flowers in our living room have been blooming continually and look like hot-house plants. Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition. Special inducements for those who buy now."
